

# U8 & U9 small sided field Set Up

CRICKET NETS END TH #2.

CHANGE ROOM END TH #2.

*Thankyou for volunteering to set up  
the miniroos fields for U8 and U9:  
TH#2A and TH#2B*

TH#2A is closest to the change  
rooms.

TH#2B is closest to the cricket nets.

# What you need:

*Each field has equipment and signage that is specific to that field. It is labelled as such. This helps our visitors locate their field. Please make sure you set each field up to reflect this.*

## Each field has:

- \* 2 x goals
- \* 2 x bench seats
- \* 4 x ¼ line markers
- \* Signs

## Shared between both fields:

- \* 1 x tub (pegs/mallet)
- \* Rubbish Bin

# Goals

*These goals have fragile frames - they must be carried by the sides.*

***DO NOT carry the goals by the top crossbar on your own.** The 'lugs' joining each section snap off when the frame flexes - then the nets tangle and tear.*

*2 people should carry a pair of goals to and from the fields. (See pic)*

Carry the goals by the sides, **NOT THE TOP CROSS BAR** or they will break

The goals are positioned half way along the goal line.

The goal mouth should be on the goal line.

Insert pin to lock goals open.

Use tent pegs to keep goals in place.

**Don't allow children to practise goals til the pegs have secured the goals.**

Locking pin goes here. There is one for the left and right hand side of each goal.

The pins stay chained to the goal at all times to avoid getting lost.

# Benches

*Benches are provided for teams to sit in the Technical Area.*

*No spectators or parents are permitted on these benches in the Technical Area.*

Each field has 1 bench for the home team, and one bench for the opposition team.

Place the rubbish bin between each field's benches.

# 1/4 line markers

*1/4 line markers ● are used to mark areas and identify fields.*

*Each marker has the field number on it- PLEASE match the markers to the fields correctly.*

Each field has 4 quarter line markers that are placed just outside the sideline of each field.

1/4 line markers are placed half way between the centre of the field and the goal box. A small black line perpendicular to the sideline marks the location.

# Signs

*Signs are used for identification and safety, as well as to advise all of football and ground regulations.*

*No entry signs  are placed within the fenced area to advise parents to watch games from outside the fence boundary*

Signs identifying each field  are placed as per marks on the map. 2A sign is on the corner of 2A facing field 1, 2B sign is on the corner of 2B facing the car park so people see it coming up the steps.

# Thankyou for your help

*Our miniroos and  
minitildas players  
appreciate your  
assistance*
